

## Material Safety Data Sheet

1) **Identification of the substance**

Bio Wall Paint HD, Bio Wall Paint Deep Base, Bio Wall Primer

2) **Composition / information on ingredients**

Water	> 10%
Titanium Dioxide	< 10%
Talc	< 10%
Calcium Carbonate	> 10%
Filler	< 10%
Plant Oils	< 10%
Resin	< 10%
Carboxymethyl cellulose	< 10%
Surfactant, emulgator	< 1%
Mineral Oil	< 1%
Lemon Oil	< 1%
Borax	< 1%

3) **Hazards identification**

No particular hazards known.

4) **First aid measures**

General advice: Remove soiled or soaked clothing immediately

After inhalation: Ensure supply of fresh air

After contact with skin: Wash off with soap and water.

After contact with eyes: Flush immediately and thoroughly with water for 10-15 minutes whilst protecting the unharmed eye.

After ingestion: Call for medical advice, show the container or the label.

5) **Fire fighting measures**

Suitable extinguishing media: Water

6) **Accidental release measures**

Absorb spill with sand or earth. Wash area. Place in a suitable container, let dry and dispose in accordance with waste disposal Regulations.

7) **Handling and storage**

No special precaution necessary when used professionally, Keep cool And dry in well-ventilated areas. Do not allow to freeze.

8) **Exposure controls and personal protection**

Use respiratory protection when vapours are set free. Use protective gloves, safety goggles and protective clothing. Use in accordance with good industrial and safety practise.

9) **Physical and chemical properties**

Form: Liquid Colour: white or greyish Boiling point: 100+C

Odour: Slight, typical  
Ignition temperature: not measured  
Lower explosion limit: not measured  
Upper explosion limit: not measured  
Vapour pressure: not measured  
Density: approx. 1.5 – 1.6 kgs  
Water-soluble: soluble  
PH: 7.8  
Viscosity: Thixotropic

- 10) **Stability and reactivity**  
Conditions to avoid: No decomposition at normal use.  
Materials to avoid: No hazardous reactions known.  
Hazardous decomposition products: No hazardous decomposition products  
Known.
- 11) **Toxicological information**  
The product has not been tested.
- 12) **Ecological information**  
No heavy metals are intentionally added during production. Do not  
allow product to get into drains, waters or soil.
- 13) **Disposal consideration**  
Absorb spill with sand or earth. Wash area. Place in a suitable container,  
let dry and dispose in compliance with local regulations.
- 14) **Transport information**  
Land transport not regulated  
Inland waterway transport – not regulated  
Sea transport – not regulated  
Air transport – not regulated
- 15) **Regulatory information**  
Labelling – none  
Risk classification – none  
Water hazard class – none  
Other – none
- 16) **Other information**  
none

This information is based on our present state of knowledge. It should not therefore be construed as guaranteeing specific properties of the product described or their suitability for a particular application. Changes compared to the previous version are marked before the section number.

**Date of issue:**

1<sup>st</sup> of January 2005
